

SIGIR Announces Member Plus Program

Jamie Callan

SIGIR is offering a new membership class beginning July 1, 2000. The new "Member Plus" membership package includes conference proceedings from *three* conferences sponsored by ACM SIGIR:

- The International Conference on Research and Development in Information Retrieval (SIGIR)
- The ACM Digital Libraries conference (DL)
- The Conference on Information and Knowledge Management (CIKM)

The Member Plus package also includes the benefits of "Basic" membership, such as SIGIR Forum and reduced registration fees at the SIGIR conference. Member Plus membership is an inexpensive method of staying abreast of research at three leading IR conferences.

	Professional	Student
Basic membership	\$20	\$10
SIGIR Forum		
SIGIR Proceedings		
Member plus membership	\$50	\$40
SIGIR forum		
SIGIR proceedings		
DL proceedings		
CIKM proceedings		

Upgrade from Basic to Member Plus when you renew your membership in SIGIR. Conference proceedings will be mailed to you soon after each conference.

Send questions and comments about the Member Plus package to Jamie Callan (callan@cs.cmu.edu).

Note, the ACM Membership Renewal Guide incorrectly lists separate CIKM and DL Member Plus packages that cost an additional \$25 each. ACM is aware of the error, and is fixing it. Until the error is fixed, simply write "Member Plus package", do not write any membership code, and add \$30 to the price of Basic membership. ACM will process your renewal properly.
